About Punto Med S.A.M.

The Group to which **Punto Med S.A.M.** belongs, started its operations in 1968 with a gas cookers factory, **GAZECO S.A.**, located in Padova, Italy, and a refrigerators and air conditioners factories, **DELTEX S.A.**, located in Milan, Italy.

Due to the always increasing cost of labor in Italy, our Group policy changed in the late 70s / early 80s and it was decided to transfer all manufacturing activities to foreign countries.

Over the years, **Punto Med S.A.M.** has successfully established several joint-ventures in various parts of the world for the production of gas cookers, washing machines, refrigerators, deep freezers, and bottle coolers, helmet hair dryers, etc.

Thanks to its long years of experience manufacturing home appliances, **Punto Med S.A.M.** is ideally positioned to supply at very competitive prices, a wide and complete range of cookers, refrigerators, washing machines, as well as freezers, bottle coolers, and all other types of home appliances.

Punto Med S.A.M. intends to build on its long-term experience and know-how to continue expanding its product line by participating in new joint-ventures across the world.
